MEMORANDUM FOR: Brigadier General Charles Cabell
Commandant, Defense Systems Management College

SUBJECT: Letter of Appreciation

1. As we begin a new year, I would like to express my appreciation on behalf of the Intelligence Training Division for the support provided during the past year by Dr. Fred Waelchli of your Policy and Organization Management Department and Mr. David Westermann of your Executive Institute. Their participation as guest speakers in several courses makes an invaluable contribution to those courses' success, and they invariably receive excellent ratings on student critiques.

2. We look forward to a continuing mutually beneficial relationship with the Defense Systems Management College in the future. Please be assured that we stand ready at any time to support your organization in any way possible.
